

Thank  
you 

Dear CMS Teachers

Since it was our first time enrolling our son in preschool in the USA, we were concerned because he is a little shy. However, the teachers and other staff members were so amazing that they quickly put us at ease. One of our greatest choices was made here. Every morning when he gets ready for school, our kid is eager. They have done a fantastic job of keeping them secure and healthy, and we are at ease with him being present every day.

with love
