

# Thank You

## **Dear Teachers and staff at CMS**

We would like to say our thanks to the teachers, nurturers and staff at CMS for doing such a splendid job with our baby Ananya.

It is hard for anyone to send their babies away for the first time, be it school or daycare. Our situation was especially sensitive because of COVID and a bad experience with a nanny. Leaving her with anyone was a leap of faith. And we came to CMS, hoping she would be here than at conventional montessori schools.

She cried the first day, like it is expected, but come day three, she sent willingly! If that is not a testimony to the nurturing environment here, I don't know what is. She slowly started smiling more, talking more, getting better at potty training and singing! She has become better with strangers, kids and adults. She is getting better at sharing her toys and food. She has grown into an expressive toddler who doesn't run away from people anymore.

# Thank You

She is still shy, but doesn't mind waving at people we meet on walks or the grocery store. And in just 3 months after joining school, she was fully potty trained!

Anaya looks forward to going to school everyday (weekends too). She wakes up some days and wants to walk out the door in her pajamas! I have heard stories of parents struggling everyday to send their kids to school. I am so grateful to all of you at school who have made her so comfortable, so interested in learning and growing into this big, little person. She knew her numbers, alphabets, animals and colors even before she came to school. But, she knows herself and her place after coming to CMS.

Our faith has been restored!

Thanks and regards,  
Archana and Ninad  
Raikar
